

Dear Keri and Bright Start,

Wow, how can we thank you for your thoughtful and fun participation in the Breakfast with Santa party. The frames were such a highlight for the children. I was especially impressed how efficiently you set up and ran your "operation"! I heard from many parents how much their children enjoyed making the frames.

We were so blessed to have you all as a partner for our event. We really appreciate that you and your volunteers got up on a Saturday morning during such a busy season to give of yourselves to the community. That is truly what Christmas is all about!

I hope that the New Year is prosperous for you and your family as well as Bright Start!

Sincerely,

Susie Wallace, Family Connection
